

OEM & ODM

iLIGHTING Global Enterprise Co. Ltd. provides LED Lights OEM and ODM services for customers the world over. You can also enjoy our OEM and ODM services through the following:

A

You may provide the parameters of related products (i.e. the power output, luminosity, visible color index etc).Based on the parameters you provide we will design and produce a product.

B

Send us a sample product and we will produce our products based on your sample.

C

Choose iLighting products you are interested in from our website and we will add your logo to the finished product.

Whichever method you choose,
ILighting will provide you with the
first-rate OEM and ODM service
from start to finish.

Send your product requirements to our
OEM&ODM manager IMMEDIATELY
