

# LED Wall washer Lamp

**Model : WWL-AL5055-24**

## Features:

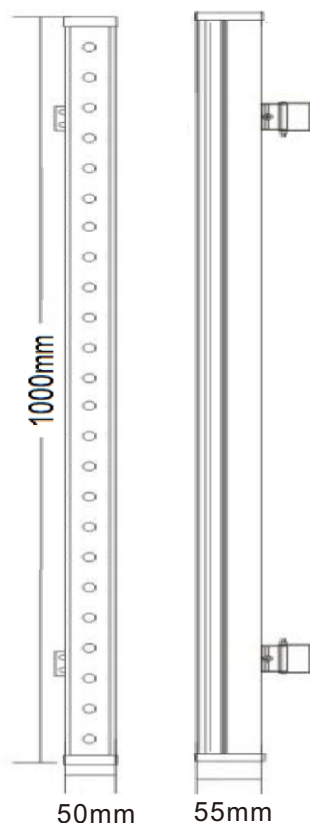

1. Pieces of lamps and lanterns shell adopts the high quality aluminum, the surface anodic oxidation treatment
2. Lamp body beautiful and delicate, excellent heat dissipation performance: \*Lamp body adopts toughened glass and silicon seal, internal epoxy resin glue, to ensure superior waterproof performance of lamps and lanterns.
3. Low energy efficient import light source, high luminous flux and color rendering. service life can reach 50000 hours.
4. Lamps and lanterns of mixer adopt PMMA optical lens, optional Angle is 15/ 25/ 60.
5. Waterproof level: IP65.

## Scope of application:

Buildings billboards, landscaping. buildings, bars, dance halls, etc Wash the wall lighting.

Model: WWL-AL5055-24

## Standard

Standard Size(mm)	L 1000*W50*H55mm
Voltage (V)	DC24V
Beam Angle	15°/25°/60°
Power (W)	24W
Total Luminous Flux	2400lm
Wall Washer IP rate	IP 65
Cover Material	Aluminum
Color Temperature	3000K/4000K/6000K
Finish Color	White
Driver	Meanwell dimming driver
Life time	50,000(H)
