

# LED High Bay Light

**Model : HB-A250-F108-NF**

**Model : HB-A300-F108-NF**

## Features:

- \*New design with lighter weight, and better heat dissipation  
Stable quality, Easy to install
- \*Narrow Angle locking design to ensure angle unchanged  
after prolong use

## Environment:

- \*Using the latest technology of heat radiation structure for  
longer product life
- \*Installation options by pedestal, pendant, pole, Chain, Bracket etc
- \*High luminous efficacy 100W

Model:HB-A250-F108B-NF

Model:HB-A300-F108B-NF

## Standard

Dimension	268 x 270 x 456mm ( back heatsink dimension )
Voltage (V)	AC110~277V
Beam Angle	38 degree
CRI	>80Ra
LED	3030
Number of LED	250pcs=250W 300pcs -300W
Luminous Efficacy	100 lm/w
Power Factor	> 0.90
Power (W)	250W / 300W
Material	AL 6063
Color Temperature	3000K-6500K
Life Time	50,000(H)
IP Grade	IP 65
Weight	13.7Kg
